

Correction : Les aires

Relie chaque figure à sa formule de calcul d'aire.

Correction : Les aires

Calcul les aires des figures suivantes.

$$\begin{aligned} A &= (\text{base} \times \text{hauteur}) / 2 \\ &= (4 \times 6) / 2 \\ &= 12\text{m}^2 \end{aligned}$$

$$\begin{aligned} A &= \text{côté}^2 \\ &= 8^2 \\ &= 64\text{mm}^2 \end{aligned}$$

$$\begin{aligned} A &= \text{Longueur} \times \text{largeur} \\ &= 11 \times 6 \\ &= 66\text{cm}^2 \end{aligned}$$

! Rayon =
Diamètre / 2

$$\begin{aligned} A &= \text{Pi} \times \text{rayon}^2 \\ &= \text{Pi} \times 2^2 \\ &= 12,6\text{cm}^2 \end{aligned}$$

$$\begin{aligned} A &= ((\text{base} + \text{Base}) / 2) \times h \\ &= ((2+4) / 2) \times 3 \\ &= 9\text{cm}^2 \end{aligned}$$

$$\begin{aligned} A &= (D \times d) / 2 \\ &= (25 \times 10) / 2 \\ &= 125\text{mm}^2 \end{aligned}$$

$$\begin{aligned} A &= \text{Base} \times \text{hauteur} \\ &= 11 \times 8 \\ &= 88\text{mm}^2 \end{aligned}$$

$$\begin{aligned} A &= (\text{base} \times \text{hauteur}) / 2 \\ &= (6 \times 10) / 2 \\ &= 30\text{m}^2 \end{aligned}$$
